

February 2, 2010

TO: Safety Committee

FROM: Chief Taylor

REF: February Safety Meeting

1. Addendum to Intergraph User Agreement – The Overland Park Police Department has provided us with an addendum to the Intergraph User Agreement that the city approved last fall. Two articles have been changed and I will have copies of the old and new articles for comparison. The Addendum to Intergraph User Agreement has been reviewed by the city attorney and no legal issues were noted. The addendum will need to be approved by the council with authorization for the mayor to sign.

Overland Park Police Department also found where Intergraph was billing them for future upgrades to the software and have changed the agreement so that only the current maintenance costs are being billed. We had already paid OP for 2010 Intergraph maintenance \$2,173.29 and because OP was now paying less for the maintenance agreement then the amount billed to us has changed. The new bill is \$1,698.45 so we will receive a refund of \$474.84.
