City of Roeland Park

The primary purpose of the City's budget and budgeting process is to develop, adopt and implement a plan for accomplishing goals for the upcoming year within given resources. The 2018 Budget has been designed to look at a three-year forecast of the City while maintaining a responsive government, a stable financial position, and high quality service levels.

The 2018 Proposed Budget is being presented after four months of working meetings. This proposed budget includes allocation for operating, maintenance and capital expenditures and revenue projections for 2017-2020 as well as an updated 2017-2022 Capital Improvement Plan.

ROELAND PARK BUDGET AT A GLANCE

2018 budgeted revenues (excluding Cash Carry Forward) for all funds total \$13.337 million, expenditures total \$15.305 million. Ending fund balances are projected to total \$4.411 million.

The council has worked to develop a budget that reduces the property tax mill levy by 2.5, the mill reduction is driven by the fact that the City has built a reserve in anticipation of the loss of a major retailer of \$1.41 million as planned. In the short term a loss of a major retailer is not anticipated. In 2018 a decision concerning the continued year-round operation of the aquatic center will be made, this will impact the City's ability to further reduce the mill levy.

The county appraiser's office has provided the city's assessed valuation at \$75,186,159. This is a 6.9% increase from the prior year, an indicator of property value strength in our community. For Roeland Park growth in value depends upon redevelopment, renovations and, reassessment alone as the community is land locked and has no undeveloped area for future growth. The 2017 increase in assessment for residential properties averaged 9% while the average increase for commercial/industrial property was less than 1%. This is a sharp contrast to the increase experienced in the prior year where residential properties saw a 6.3% average increase while commercial/industrial properties saw 26%. 66% of the property taxes collected by the City come from residential properties and 34% are collected from commercial properties.

The 2018 Budget includes a mill levy of 30.963 (7.5% decrease from 2017). The operations portion of the budget funds the day-to-day operating costs of the City. Operations includes: public safety, road maintenance, solid waste, neighborhood services, administration, court, council and employee benefits.

	2017 Mill Levy	2017 Property Tax Levy	2018 Mill Levy	2018 Property Tax Levy	Change
Total Property Tax/ Mill Levy	33.385	\$2,353,352	30.963	\$2,327,984	(\$25,368)
General Fund	28.418	\$2,003,222	27.985	\$2,104,080	\$100,858
Bond & Interest	4.967	\$350,130	2.978	\$223,904	(\$126,226)

2017 Total Assessed Valuation \$70,318,083, as of 11/2016

2018 Total Assessed Valuation \$75,186,159, as of 7/2017

Roeland Park's growth in residential assessments is tied to actual home sales prices. In 2008 (pre-recession) the average sale price per square foot for a single-family home was \$125. 2015 saw the average sale price per square foot (of \$139) finally climbing above the 2008 average. This trend continued in 2016 with the average rising to \$147 (a positive sign). This puts Roeland Park sale values on par with Overland Park, Mission, Lenexa, and Spring Hill. But remains well below neighboring communities (Westwood \$162, Prairie Village \$179, Fairway \$214, Mission Woods \$225, Mission Hills \$291) Roeland Park home owners will likely continue to see their home values appreciate at a greater rate than the average Johnson County resident due to our proximity to communities with higher per square foot values than Roeland Park.

WHERE YOUR PROPERTY TAX DOLLARS GO:

Public schools receive most of the property taxes collected from property owners at 40%, in addition the community college receives 7% for a total of 47% going toward education. Next is the City at 23% then the

County at 17%, followed by the Fire District at 9%, the Library at 3%, and finally the State at 1%

PROPERTY TAX CALCULATION EXAMPLE:

Home Value (2017 Average Appraised Home Value): \$166,287
Total City Mill Rate: 30.963

Assessed Valuation:
Determine by multiplying the appraised value by 11.5%. ($\$166,287 \times 11.5\%$) \$19,123

Annual Tax Liability for City Services and Debt Service:
To calculate the annual tax bill, divide the assessed valuation by 1,000 and multiply by the mill rate. ($\$19,123 / 1,000 \times 30.963$) **\$592.10**

Monthly Expense for City Services:
To determine the monthly tax expense for City services, divide the tax liability by 12 months. \$49.34

*Note: Assessed Value is the taxable value of property. It is derived by multiplying the fair market value, as determined by the County Assessor, by a percentage that is set by state statute. 11.5% of the fair market value of a home, 25% of the fair market value of commercial or industrial property, 30% of the fair market value of agricultural property and 20% of the fair market value of vehicles is taxable.

ROELAND PARK'S COST OF LIVING COMPARED TO OTHER KC COMMUNITIES

As of January 1, 2016, the utilities and taxes that a family of four would pay during the year was tallied assuming gross income of \$100,000, a home value of \$252,000, and taxable personal property valued at \$50,000. Roeland Park residents experience costs that are average within the Kansas City metro. This is noteworthy because Roeland Park has one of the highest mill levies in Johnson County.

It is also worthy of note that Roeland Park residents experience average property tax costs when compared to communities in the Kansas City metro.

The city portion of these property taxes is however above average while the municipal sales tax is below average. See charts below.

HOW ROELAND PARK COMPARES IN SPENDING PER PERSON

CITY	Population 2015	2017 General Fund	2017 General Fund Per Capita
De Soto	5,911	\$3,452,051	\$584
Gardner	20,473	\$12,748,200	\$623
Olathe	131,885	\$96,360,462	\$730
Prairie Village	21,892	\$16,172,853	\$739
Shawnee	64,323	\$50,121,450	\$779
Roeland Park	6,845	\$5,360,895	\$783
Overland Park	181,260	\$194,505,000	\$1,073
Fairway	3,963	\$4,326,666	\$1,092
Average	34,558	\$35,951,848	\$1,225
Mission	9,516	\$11,969,575	\$1,258
Leawood	32,991	\$46,986,560	\$1,424
Merriam	11,281	\$18,541,990	\$1,644
Westwood	1,528	\$2,685,629	\$1,758
Lenexa	50,344	\$96,249,348	\$1,912
Mission Hills	3,582	\$7,101,051	\$1,982
Edgerton	1,700	\$4,045,547	\$2,380

Roeland Parks general fund expenditure per capita is 36% lower than the average for Johnson County cities.

MILL RATES AND VALUE OF 1 MILL – VS. POPULATION

JOCO City	Population	2017 Assessed Value	2017 City Levy	Value of 1 mill	Property Tax Per Capita Per City
Gardner	20,868	158,051,579	20.544	158,051.58	\$ 156

STAFFING Levels

Appendix C provides a history (2013-2018) of full time equivalents by position and department for the City of Roeland Park. 2018 staff levels are unchanged from 2017. The table below provides a comparison of staffing levels among local communities on a per 1,000 resident bases. Roeland Park operates with a very lean staff.

City	Population (LKM 2014)	FTE Staff 2017	Staff per 1,000 residents
Mission Hills	3,582	9	2.51
Roeland Park	6,845	32	4.70
De Soto	5,911	28	4.74
Overland Park	181,260	903	4.98
Shawnee	64,323	342	5.32
Fairway	3,963	22	5.55
Prairie Village	21,892	132	6.01
Olathe	131,885	903	6.85
Gardner	20,473	146	7.11
Average	34,577	198	7.28
Leawood	32,991	296	8.97
Lenexa	50,344	500	9.93
Merriam	11,281	112	9.95
Westwood	1,528	16	10.47
Mission	9,516	105	11.03
Edgerton	1,700	19	11.06

REVENUE ASSUMPTIONS:

Sales Tax Revenues

- Sales Tax Projections – A 1% increase in sales tax is projected for 2018 through 2020. No change in major retailers is anticipated in the 3-year budget outlook based upon Wal-Mart announcing it is no longer pursuing relocation to the Gateway development.
- Sales Tax Reserve- The Council approved Resolution 653 which established a \$1.41 million committed reserve (built up during the past 4 years) to be available in the event that sales taxes see a significant (25%) and sustained (at least 6 months) decline.
- As of mid-year, 2017, City sales taxes have increased compared to the same period in 2016.

Ad Valorem & Personal Property Tax

- The Council lowered the mill rate 2.5 to 30.963 for 2018.
- Ad Valorem tax for 2018 reflects a 7% growth in assessed value, however this number is reduced by \$318,000 due to taxes captured and diverted as TIF revenues for the three TIF projects within the city.
- Delinquent collections are based on prior year actuals.
- Personal property taxes for motor vehicles show an annual growth of 3%.

KEY CHANGES

The key changes of the 2018 -2020 Budget include:

Expenses	2018	2019	2020
<i>2018 Objectives with Financial Impacts</i>			
Holiday Decorations	\$ 2,000	\$ 2,000	\$ 2,000
Monthly Communication Report and Public Engagement Plan	\$ 10,000		\$ -
Electronic Voting Log System for Council	\$ 5,100	\$ 600	\$ 600
Public Art Maintenance/Removal	\$ 10,000	\$ -	\$ -
R Park Phased Development Plan - 1st Phase Design	\$ 26,000	\$ -	\$ -
Complete High Priority Sidewalk Project	\$ 130,000	\$ -	\$ -
Install shade structures in parks	\$ 56,000		
Business District Crime Prevention	\$ 7,500	\$ -	\$ -
Increase Roeland Parker to 8 issues/year (pilot)	\$ 6,200	\$ -	\$ -
Add Automated Time/Attendance to Payroll Program	\$ 5,000	\$ 5,000	\$ 5,000
Update Comprehensive Plan	\$ -	\$ 50,000	\$ -
Join Local Governments for Sustainability	\$ 700	\$ 700	\$ 700
Implement Brand Launch	\$ 24,000	\$ -	\$ -
Interface Modules between receipts, credit transactions, general ledger & court	\$ 3,000	\$ 1,000	\$ 1,000
Street Maintenance Equipment	\$ 21,000	\$ -	\$ -
<i>Other Budget Items</i>			
3% Merit Increase + 2% Market Adjustment in FY 2018, then 3% in out years	\$ 98,000	\$ 59,000	\$ 60,000
Purchase of a Public Works Facility using proceeds from land sales		\$ 1,000,000	

Based on a three-year forecast, property tax rates should not increase in 2019 through 2020, assuming several estimates are maintained, including:

- No significant decline in sales tax.
- Property values increase by at least 1.5% annually.
- Franchise fees and court revenues remain in line with 3-year history.
- Personnel costs, supplies and contractual services grow at a rate consistent with inflation.
- Property tax supported debt service remains at current levels.

Tax Lid

FY 2018 marks the implementation of the tax lid law, or HB 2088 as enacted by the Kansas Legislature. The law prevents Cities and Counties from obtaining more revenue from property taxes than the prior year budget beyond the consumer price index (CPI) with a few exceptions. If a City or County wants to increase property taxes beyond what exemptions allow plus the CPI, they are required to go to a public vote. This means any increase in taxes from higher real estate property values due to reassessment would not be captured by the City in 2018 or future years beyond the CPI. A full list of exemptions and the bill summary can be found as an appendix to this document.

GOALS AND OBJECTIVES OVERVIEW

Council began the 2018 budget process in February, starting with a goal setting session which included department directors. A set of broad goals were developed to assist in focusing attention and resources. Objectives to be carried out in 2018 designed to further those goals were subsequently developed by elected officials and staff. The financial impacts of the Objectives are reflected in the appropriate line item of the budget with the Goals and Objective document incorporated as Appendix A to this budget document.

CAPITAL INVESTMENT OVERVIEW

Reinvesting in the City's infrastructure, buildings, vehicles and equipment is important to maintaining the quality of life in our community. Further the City's investment promotes private investment which is key to the financial health of the community. Reinvesting in public buildings and equipment also assures that the operating costs for the City remain at optimal levels. Below is a graph reflecting the capital investment during the period of 2017 through 2021.

Five Year Capital Improvement Plan

Although capital planning is completed looking out ten plus years, a five-year outlook is incorporated into the budget document. The five-year CIP reflects the anticipated year of each project as well as the different funding sources per project. No borrowing is anticipated for any of the projects except for a couple of TIF funded projects that will receive loans from the General Fund until TIF proceeds are available for repayment. The no borrowing approach is a fiscally conservative approach and marks a change in project financing philosophy for the City. Presently it appears that this approach is sustainable if current property and sales tax revenue streams continue to grow at historical pace. As existing debt is retired, the resources currently allocated to retire that debt (property tax and sales tax) is anticipated to be used to fund capital projects. Should the City find itself in a situation where capital funding is necessary beyond the annual revenues available, the option of borrowing remains available.

A detailed list of all capital items anticipated in the 5 year CIP are included in Appendix B. The CIP has an exceptionally high investment anticipated during the next five years (\$18.75 million). This is driven by large street and storm sewer reconstruction projects as well as acquiring a new location for Public Works. For comparison, the ten-year outlook for the CIP reflects \$26 million in potential capital investment, only \$7.25 million in the second five-year period.

2018 Capital Improvement Plan

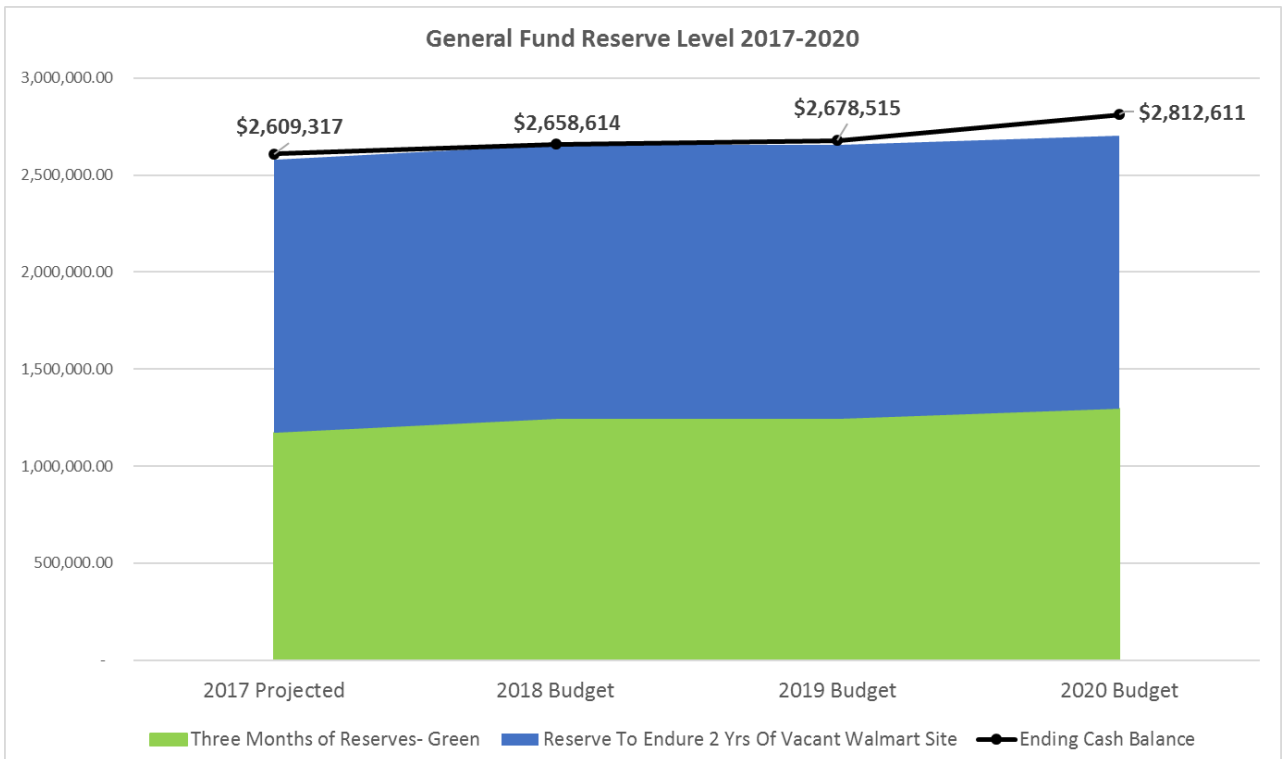

The 2018 Budget includes capital investment in city owned buildings, infrastructure, facilities, vehicles, and equipment. The plan is intended to achieve the lowest cost of ownership over the lifecycle of the asset while meeting service quality and reliability standards.

Project Description	Proposed Funding Source	Total Est. Project Cost	Other Funding	Proposed Budget
Aquatics Center Annual Maintenance	360	28,940		28,940
Aquatics Center - Light Pole Replacement	360	18,022	9,011	9,011
Pool Deck Caulking	360	15,000	7,500	7,500
Pool Sandblasting/Deck Painting	360	20,000	10,000	10,000
Pool Shade Structures	360	20,000		20,000
Diving Board Replacement	360	10,000	5,000	5,000
Repaint Vortex Pool and Slide	360	11,000	5,500	5,500
City Hall - Computer Servers and Firewall	360	17,000		17,000
Community Center HVAC Improvements	290	14,400		14,400
Community center T-12 Light Replacement	290	50,000		10,000
Park Maintenance/Improvements	300	20,000		20,000
Shade Structures for City Parks	300	56,000	28,000	56,000
R Park Development Plan	300	20,000		20,000
Police Equipment - computers, body cameras, weapons	360	24,000		24,000
Street Maintenance	101/300	325,000		325,000
Street Equipment Leases	360	57,971		57,971
Wayfinding Signs	360	37,500		12,500
Stormwater Network Inspection/Rating	300	80,000		20,000
2018 CARS- Roe Lane (Roe Blvd to N. City Limits)	270	1,682,000		1,519,000
New Public Works Facility	360	1,000,000		950,000
2018 CDBG Mill & Overlay	300	330,000	200,000	330,000
High Priority Sidewalk Expansion	270	130,000		130,000
Public Works Equipment and Machinery	360	111,000		111,000
Residential Street Reconstruction Phase I	300	800,000		70,000
2019 CARS Street Reconstruction	250/270	583,000		91,000

Funding Sources: 250 = Sp. Hwy Fund, 270 = Sp. Street Fund (27A), 290 = Community Center Fund (27C), 300 = Sp. Infrastructure (27D), 360 = Equipment/Building Reserve Fund

RESERVES

During Governing Body discussions in 2013 there was a consensus to hold reserves at no less than the 16.7% minimum (City policy) for three years. Recently the Governing Body has updated the Reserve Policy to set new thresholds stating that in uncertain economic times where significant revenue fluctuations may exist, it is prudent to target reserves at three months operating expenses **or higher**. Uncertainty persists regarding the departure of a major retailer. The City has built reserves sufficient to endure a two-year period with the existing Walmart property being vacant (\$1.41 million). This is a real potential as large retailers will vacate space for a new location and continue to pay rent at two sites in order tie up the old property and limit competition in the market. 25% of 2018 General Fund operating expenditures is \$1.24 million, adding \$1.41 million to cover a significant and sustained reduction in sales tax revenues brings the reserve goal to \$2.65 million. The estimated ending fund balance for 2018 is \$2.658 million, bringing us to our goal.

2018 GENERAL FUND REVENUES

Revenues generated in 2018 are projected to be \$5.84 million. With the inclusion of transfers between funds and the fund balance, total 2018 resources available are projected at \$8.44 million. Current revenues are collected from five primary sources: property tax (36%), sales tax (26%), solid waste fees (10%), franchise fees (9%), and court fees (6%). Property tax collections reflect only the general operations portion of the mill levy (27.985). Sales tax collections include City and County sales taxes. Franchise fees are 5% of gas, electric, telephone, cable and internet service charges. Miscellaneous revenue includes interest income and lease revenue. Property tax is revenue generated from ad valorem taxes on real estate and personal property, as well as motorvehicles.

2018 GENERAL FUND REVENUE:

\$5,839,082

- Property Taxes & Special Assessments
- Franchise Fees
- Personal Property Taxes
- Sales Taxes
- Licenses and Permits
- Court Fines
- Other Sources (leases, interest, reimb. from TIF 3)
- Solid Waste Assessment

2018 GENERAL FUND EXPENDITURES

2018 budgeted expenditures in the General Fund are \$5.78 million. Operating expense make up \$4.974 million, which is a 6% increase over the 2017 Projected operating expenses. The increase is primarily due to the increase in the contract price for solid waste services (25% increase) and personnel cost increases (3.8%). These expenditures are allocated among major activities as illustrated in the graph below.

2018 GENERAL FUND EXPENDITURE: \$5,782,784

- General Overhead
- Police
- Municipal Court
- Neighborhood Services
- Administration
- Public Works
- Employee Benefits
- City Council
- Solid Waste

The General Operating department has the largest budget but covers a broad range of service expenses such as: street lighting, traffic signals, audit fees, attorney fees, property and liability insurance, TIF reimbursements, pool operations, transfers to the debt service fund and the equipment/building replacement fund. The Police Department is the next largest followed by Employee Benefits, which is where insurance, retirement and social security expenses are budgeted for all employees. The Solid Waste department is the next largest, this department accounts for contractual expenses associated with trash, recycle and yard waste services as well as direct expenses associated with the leaf pick up service.

FUND DESCRIPTION

General Fund: This fund is used to account for resources traditionally associated with government, which are not required legally or by sound financial management to be accounted for in another fund. The functions accounted for in this fund account for most of the day-to-day operations of the City that are financed via sales tax, property tax, and other general revenues. Activities in the General Fund include general administration, economic development, public safety, development review, parks and public works.

Bond & Interest Fund: Used to pay for the general long-term infrastructure debt of the City.

Special Revenue Funds: Such funds are used to account for the proceeds of specific revenue sources that are legally or otherwise restricted to expenditures for specified purposes and which therefore cannot be diverted to other uses. The following funds are considered Special Revenue Funds:

Sales Tax Revenue Funds:

Special Street: Created for the purpose of paying for the repair, maintenance and improvement of streets, curbs and sidewalks located within the City. This fund receives 50% of the City's one cent general sales tax. The sales tax does not sunset. This fund is referred to as the "27A Fund."

Community Center: Established to pay the cost of the acquisition, maintenance and utilization of the Skyline School. 12.5% of the City's one cent sales tax revenues are allocated to this fund. This fund is referred to as the "27C Fund" of the City. Revenue raised and not required for the payment of the previously described costs shall be transferred to the General Fund of the City.

Special Infrastructure: Established to pay the cost of public infrastructure projects including buildings. A quarter cent sales tax was approved by Roeland Park residents on April 1, 2003, sun setting on March 31, 2013. The tax was renewed for an additional 10 years starting in April 1, 2013 and ending on March 31, 2023 is allocated to this fund. This fund is referred to as the "27D Fund" of the City.

Other Funds (Special Purpose):

Special Highway: Established to account for motor fuel tax monies sent quarterly from the Kansas State Treasurer's office, which are the Special City and County Highway Funds distributed and computed in compliance with K.S.A.79-3425CC.

Equipment and Building Reserve: A fund created to account for the scheduled replacement of capital equipment, vehicles and building infrastructure; financing provided by transfers from other funding sources for the procurement of a capital asset.

City Hall TIF (TIF 2): Established to account for monies received to retire bonds associated with development in the district. Projects approved in the area include City Hall Remodel/Technology updates, Granada Park improvements, and storm water improvements.

Bella Roe/Wal-Mart TIF (TIF 1): A special revenue fund created to account for monies received which are restricted for the purpose of retiring tax increment bonds.

Valley State Bank TIF (TIF 2c): Created to account for monies received to retire special obligation tax increment revenue bonds.

Boulevard Apartments/ The Rocks TIF (TIF 3): Established to account for monies received to retire special obligation tax increment revenue bonds. The fund tracks and covers all costs associated with projects approved by the TIF project plan.

TDD #1 - Price Chopper: Created to establish transportation development district. The District covers all of Lots 1, 3, 4, 5 and 6 and Tract "A", Bella Roe Shopping Center and imposes a 1% sales tax on all businesses located at the Bella Roe Shopping Center with the exception of Lowe's.

TDD #2 - Lowe's: Created to establish transportation development district. The District covers all of Lot 2 (Lowe's), Bella Roe Shopping Center and imposes a .5% sales tax.

CID #1 – Roeland Park Shopping Center: Created to establish community improvement district that includes all of the Roeland Park Shopping Center, Wal-Mart, CVS and PAD site out parcels and imposes a 1% sales tax.

Notes:

* Transportation Development Districts are in default as revenues from the sales tax increment (1 cent for TDD #1 and 1/2 cent for TDD #2) have not kept pace with the established debt service payments. However, the City bears no liability for these bonds or their success. The table shows a negative fund balance because once the bonds are in default, the entire debt is called and so everything outstanding through bond maturity is due.

Notes:

- * The property tax levy in the General Fund reflects 27.985 mills in the General Fund. The property tax revenue reflected in 2018 and out years includes revenue diverted to TIF districts. The City accounts for the difference as a budgetary expenditures to ensure proper collections with Johnson County.
- * The special assessment levied for the collection of solid waste reflects a 25% increase in solid waste assessment fees due to the increases in cost for the collection contract in the same amount. The leaf and brush collection portion of the assessment excludes the allocation for staff salaries as part of that assessment. This is equivalent to a 0.6 mill decrease in the General Fund.
- * Transfers from TIF funds reflect repayments from loans to TIF 3 (2018) and TIF 2 (2020).

Notes:

- * The 2019 budget reflects \$50,000 to hire a consultant to update the comprehensive plan.
- * Other Contractual Services reflects the implementation of two budget objectives in 2018 - hiring a social media/communications consultant (\$10,000) and public art installation/maintenance (\$10,000).
- * The 2018 Budget includes \$24,000 for brand implementation resulting from the rebranding efforts that took place in 2017.
- * Commodities reflects the purchase of voting equipment for council as well as an additional software feature for Novus.
- * The agreement with JCPRD to share the annual operating loss for the Aquatics Center ends in May 2019. At that time, the City will be fully responsible for the annual loss and 100% of any capital expenses which is reflected in the budget.
- * Debt service for the pool retires in 2018.
- * The TIF Fund Expenditure reflects the amount of property taxes that are expected to be diverted to TIF funds.
- * The General Fund is loaning \$299,500 to TIF 2 to help cover expenses associated with Roe Boulevard and Roe Lane improvement projects. The loan is anticipated to be fully repaid by 2021.
- * The General Fund is also loaning TIF 3 \$126,500 in 2017 to help cover the cost associated with sanitary sewer realignment and final grading. This loan will be repaid once the final property tax payment is made on the TIF in January 2019.
- * Beginning in 2017, the City will transfer any excess reserves above the \$1.41 million for the sales tax reserve and the 25% of operating reserves to the Special Infrastructure Fund.
- * The transfers to equipment reserve fund are for capital equipment and improvements associated with the Aquatics Center. See the CIP for more details.

Notes:

* A portion of Public Works salaries are charged to Solid Waste within the General Fund and the Special Highway Fund for work associated with those projects.

* 2018 anticipates Public Works moving into a new building. The budget reflects \$5,000 for new furnishings for the office.

Notes:

- * The 2018 Budget reflects a reduction of 2 mills in the Bond & Interest Fund. The Governing Body made a decision to fund the capital improvements program with existing resources rather than issuing debt which reduces the need for these resources.
- * The TIF Fund expenditure reflects the amount of property tax revenues anticipated to be diverted to TIF districts.
- * The 2018 ending fund balance dips below set fund balance guidelines to cover the cost of pay-as-you-go capital improvements. The fund balance returns to policy levels of between 5% and 10% of annual principal and interest payments in 2019.

Notes:

* The transfer to the Equipment Reserve Fund is for lease payments for two dump trucks and a street sweeper. Those leases retire in 2018.

* The Special Highway Fund is contributing \$50,000 toward the 2019 CARS project - 51st St. Nall to Cedar to Roe.

Notes:

- * 2018 reflects a mill and overlay projects with 60% funding from the Community Development Block Grant (CDBG) program. These projects will occur within areas that meet the income levels established by the federal program.
- * 2019 reflects the first year of the Residential Street Constrction program will completely remove base and surface of streets in poor condition.
- * 2018-2020 anticipates park improvements including new shade structures and a new shelter in R Park. Both programs anticipate additional outside funding.

Notes:

- * TIF 1 A/B Expires March 2, 2024.
- * The 2020 budget anticipates the adoption of a new TIF project plan which combines the two project areas and allows for the use of TIF funds for public infrastructure improvements impacting the district.
- * The bonds are anticipated to be fully paid in 2018, which is six years sooner than originally estimated.
- * FY 2020 reflects partial funding of the 2020 Roe Blvd CARS program. TIF funding will only be used for the section of road that is within this district.

Notes:

- * Funding in the CID comes from an additional 1 cent sales tax on retail within the Roeland Park Shopping Center.
- * Each year the City budgets all available funds so that they could be used if there was a valid application for improvements. However, to date the funds have not been spent. The City would reimburse the developer on a \$3-\$1 basis, meaning for every \$3 spent on qualifying improvements by the developer, the City would reimburse \$1.

Notes:

* TIF 2D expires in Dec. 2021

* The TIF project plan was amended in 2015 which combined TIF areas B and D into one and allowed for the addition of infrastructure improvements that benefited the district.

* TIF 2D includes funding for 2018 Roe Lane and 2020 Roe Boulevard CARS projects. Funds will only be used on areas that serve the district.

Notes:

* TIF 3 expires in February 2018.

* The 2017 Budget reflects a negative fund balance because the 2016 ending fund balance was less than originally anticipated due to additional planned work completed by the contractor on filling the caves on the site.

* 2017 reflects a loan from the General Fund to complete work associated with preparing The Rocks (old City pool site) for new development. This loan will be repaid with TIF revenues deposited in January 2018.

Appendix A: 2018 Organizational Goals and Current Objectives

Fiscal Year 2018

Organizational Goals & Current Objectives

A. Enhance Communication and Engagement with the Community

– by expanding opportunities to inform and engage citizens in an open and participatory manner.

Objectives:

1. Creating Connection through Celebrating and Recognizing the Community with Holiday Spirit

Justification:

Many cities in the greater metro area celebrate community pride and create a sense of connection through holiday lights on trees, light pole banners for downtown avenues or flags for holidays. Many residents remark that Roeland Park lacks a sense of community connection because Roe Blvd is divider versus uniting the community due to being a major thoroughfare into Johnson County.

The first step is to place holiday lights on key gateway trees on Roe Blvd. to create a downtown feeling, beauty, visual interest, and a sense of belonging to Roeland Park. Currently Roeland Park has a holiday tree lighting at Sweeny Park. Most residents or visitors who travel through Roeland Park never see or know about the event due to its neighborhood location. Holiday lights would be placed prior to the Roe Blvd development and each budget year additional lights will be purchased with the end goal of having the north and south gateway of Roe Blvd with tree lights.

The second phase of this goal would be to research and develop a plan for holiday decorations for Roe Blvd. for budgeting purposes in the 2019 and 2020 budget. The research would pursue options like holiday banners or garland on light poles and other possible decorations such as flags for Memorial Day to facilitate community connection.

Cost Estimate: \$2,000 **Account 5237.101 – Community Events**

Completion Date: December 1, 2018

Responsible Party: Administrative Staff and Public Works

Submitted By: Becky Fast

2. Monthly Communications Report and Public Engagement Plan

Justification:

Communication is an essential function of government. Communications and public engagement strategies should be reviewed and analyzed monthly to understand the effectiveness of communication tools and their effectiveness in reaching residents. Social media is an ever-increasing tool to reach residents and stakeholders. The City of Roeland Park currently has numerous options available for communication but it is currently unknown how these tools are being utilized by the public and how we can increase that utilization in the future.

1. Data Gathering and Monthly Communications Reports

This first goal is to gather data on the current engagement with our social media tools and our website traffic to provide a baseline to help the city target resources for further attracting and engaging online users.

The monthly report would provide useful data on current online users and tracking engagement through using social media management and analytics tools like google and twitter analytics and Facebook insights and current website traffic.

Provide monthly reporting of Google analytics and trends for the city website prior to building a new website. Reporting will include insights into use of the site as well as key topics and searches. In addition, data would also be provided on resident engagement with the city's email newsletters and Novus agenda.

2. Develop a Public and Communications Plan

After data gathering and reporting the following communication areas would be discussed in the plan and goals developed for each of the following communication areas:

• **News Releases and Email Subscriptions**

- The use of news releases for communication purposes for the city.
- How many email addresses is it declining or increasing and why? How many residents open the email? What would increase subscriptions and create a more powerful tool to provide information on city services and department news. Is a new email subscription system like MailChimp needed? Does the city need to provide more news related content like the City of Mission?

• **City Website**

- The City has committed to rebuild its website but further research and analysis is needed on options for this website to ensure a web-based system that provide a better end-user

access to city government (searchable/indexable files, agenda keywords, a searchable staff contact database, etc.)

- What is user feedback with the agenda and meeting notification system currently used by the current website and what should be used?
- The plan would outline the goals for the city website with communication and the engagement with residents and how it differs from the current website.

- **Social Media**

- The plan will develop strategies to increase engagement metrics and ensure city accounts are comparable to efforts in peer cities. The monthly reporting of social media activities, analytics and trends will provide direction on strategies and resources needed to build a robust operation such as training, equipment needed, video production, etc.
- Facebook's video, advertising and event promotion tools have been particularly successful for city communications. The plan will review use of Facebook events manager and sponsored advertising in Facebook to grow the follower base of city accounts overall each year.

Cost Estimate: \$10,000 currently in staff training budget that can be accessed for consultation and staff training and Admin General Fund, **Account 5214.105 Other Contractual Services**

Completion Date: Begin in 2017 and end in June 30, 2018

Responsible Party: Administrative Staff

Submitted By: Becky Fast

3. Evaluation of NOVUS and Potential Meeting Management Software

Justification: In March 2018 – City of Roeland Park will have Novus software for three years for meeting management. As the City develops a new website the need for Novus should be evaluated and if such software is still needed with the new website development.

The city pays for renewal on an annual basis of \$5,000 and new software applications for meeting management are now available for civic engagement that provide more options with mobile access and easier interface with social media communications.

This goal requires evaluating other platforms that are available and their costs for providing meeting management.

In addition, as a part of this goal to evaluate other city's website agenda and meeting management such as the City of Lawrence

that have easy access to agenda, minutes, video and audio and easy access to multiple meetings with one click.
<https://lawrenceks.org/agendas/>

As stated above this goal requires research and evaluation of other providers of civic engagement solutions for government like www.accela.com which:

- Provides quicker, searchable access to past meeting agendas and minutes and even live video
- Provides low-cost video streaming of meetings for live viewing or later playback.
- Gives full smartphone and tablet agenda access.

Cost Estimate: \$5,000 (current cost for NOVUS annual renewal) **Account 5305.101**

Completion Date: March 31, 2018 prior to the next renewal of Novus to determine if Novus should be renewed or another software purchased or if new website can provide such functions.

Responsible Party: Administrative Staff

Submitted By: Becky Fast

4. Electronic Voting Log System for Council Chambers

Justification: Deploying an electronic method of voting will ensure votes are impartial and accurate. Electronic voting can ensure each council member has entered a vote and that vote is not displayed until the conclusion of voting. A system could be implemented to record votes as part of the computer system in the Council Chambers. Novus offers this capability currently (additional \$600 per year fee), to use this system the Governing Body would need to have access to tablets or lap tops at the dais.

Cost Estimate: \$4,500 **Account 5211.101 Equipment**
\$600 **Account 5305.101 Dues/Subscriptions**

Completion Date: February 28, 2018

Responsible Party: Administrative Staff

Submitted By: Michael Rhoades

B. Improve Community Assets – through timely maintenance and replacement as well as improving assets to modern standards.

Objectives:

1. Provide Maintenance, Removal or Add Public Art in Roeland Park.

Justification: The city is undergoing a rejuvenation. Impending projects will impact the appearance of our primary north/south entryway including aesthetic improvement to the Walmart site, new development at the northeast gateway (old pool site), and new development on the southern gateway. Planning for the 2020 Roe Boulevard construction project is also taking place; this objective could serve repair or relocated art along this corridor in anticipation of the 2020 project. Roeland Park was once the forerunner in the realm of public art. With budget cuts and other constraints many art installations have aged past their prime and life expectancy. The objective would continue working to remove and repair our public art based upon the inventory and condition assessment completed in 2017.

Community for All Ages Impact: Checklist Item 1, encouraging a sense of community and pride for residents. From the Toolkit: Strategy 2- Support existence of “third places” in first suburbs and Strategy 3- Maintaining existing visual and physical character of the first Suburbs, especially those neighborhoods that can be considered historic.

Cost Estimate: \$10,000 **Account 5214.101 – Other Contractual Services**

Completion Date: November 30, 2018

Responsible Party: Public Works Director

Submitted By: Teresa Kelly and Becky Fast

2. R Park Phased Development Plan & Design of 1st Phase

Justification: The Parks and Trees Committee is spending 2017 prioritizing and researching the amenities outlined in the 2017 approved R Park Master Plan. Incorporating the priorities into a phased development plan will be necessary to ensure the site is developed in a cohesive approach. Hiring a professional services firm to design the phased plan as well as the construction plans for the 1st phase are steps that must be completed prior to construction. The professional services firm will also develop refined costs estimates for each phase, this will be beneficial as we incorporate the phases into the Capital Improvement Plan. The work included in this objective includes:

- Review of existing survey (SKW 2015)
- Utility Coordination

- Coordinate with existing utility owners to determine if existing utilities will be required to be relocated or replaced, and will coordinate public and private utility services to the site.
- Site Development Plan
 - Prepare plans showing the proposed improvement at R Park shall include:
 - Cover Sheet
 - Site Horizontal Layout
 - Grading Plan
 - Utility Plan
 - Phasing Plan
- Cost Estimating
 - Prepare opinions of probable construction costs, and project costs for individual phases of the site development. Assume 3 major phases of development.
- Progress Meetings
 - Attend all necessary progress meetings with City and representatives. Assume 2 meetings.
- Report
 - Prepare a brief report describing the project, phases, costs, and any specific challenges or issues to be addressed in further site development phases.
- Phase 1 – Shelter/Pavilion Construction Plans
 - Prepare site plans for constructions. Coordinate inclusion of pavilion design to be provided by others.
 - Bore 3 locations to confirm subsurface suitability, and provide foundation recommendations.
 - Prepare manual for project bidding. Coordinate inclusion of pavilion specifications.
 - Aid City in bidding and recommendation of contractor.

Community for All Ages Impact: Community and Neighborhood Environment, planning with universal design elements and enhancing public gathering spaces that encourage intergenerational exchange, physical activity and time in nature.

Cost Estimate: \$26,000 **Account 5209.300 – Professional Services**

Completion Date: November 30, 2018

Responsible Party: Staff, Parks Committee

Submitted By: Teresa Kelly

3. Identify and Complete a High Priority Sidewalk Extension Project

Justification: The extension of sidewalks identified as “High Priority” in the 2010 Sidewalk Master Plan should be pursued to further implementation of the plan. Public Works is reviewing the document and providing updates to reflect where sidewalk has been completed since 2010, in

addition sidewalks anticipated being completed with street resurfacing and reconstruction reflected in the Capital Improvement Plan.

Cost Estimate: \$130,000 **Account 5454.270 Sidewalk Project**

Completion Date: June 30, 2018

Responsible Party: Public Works

Submitted By: Governing Body

C. Keep Our Community Safe & Secure – for all citizens, businesses, and visitors.

Objectives:

1. Install Shade Structures at R Park, Granada Park, and Aquatic Center

Justification: In our 2016 Citizen Survey 53% of residents stated they would like to the City to invest in Shade structures in R Park. 67% of residents stated adding shade was the most important improvement for the City at the Aquatic Center. With this information, the Parks Committee has researched potential grants the City could apply for and two grants were found. American Academy of Dermatology Shade Structure Program for up to \$8,000 and First National Bank Community Grant for up to \$20,000. The Parks Committee co-chair Jennifer Provyn has agreed to write the grants for the City in 2018. These grants ask if there is a match the organization is going to make for the money. As the Parks Committee and Staff have agreed shade structures are an important element based on the response we received from our citizens and staff is asking the City to match this grant 135%. \$28,000 + \$38,000 (135%) equates to \$66,000.00 for the City to construct shade structures at R Park, Granada Park, and the Aquatic Center in 2018 and address the residents #1 priority for the City to make improvements. Images below shown for concept purposes. Locations and quantity are as follows:

- 1 at Granada Park over large picnic table area
- 3 at R Park over both picnic table areas and one bench near playground equipment
- 4 at Aquatic Center
 - 1 outside concession stand
 - 2 in Baby Pool Area
 - 1 near the slide area

The locations at the Aquatic Center are where existing shade structures are located. The condition of the existing shade structures is poor and these shade structures would serve as replacement and provide for more shade in those areas.

Community for All Ages Impact: Shade structures will protect parks and aquatic users from the impacts of the sun during the summer days.

Cost Estimate: \$38,000 **Account 5470.300 – Park Maint/Infrastructure and 5311.101 – Pool Equipment**

Completion Date: October 31, 2018

Responsible Party: Parks Committee

Submitted By: Jose Leon, Director of Public Works

2. Dead Tree Removal at Nall Park

Justification: With the revitalization of Nall Park and the invested dollars for the bathroom, shelter, and bike trail PW staff believes there is concern with the dead tree's remaining in the Park area that need to be removed. Most of the trees are still standing in the current "un-used" portion of Nall Park, but over the last couple of years they have begun falling over. PW Staff views this as a safety concern with more walkers and bikers using the park. The City Forester has estimated the cost to remove the dead trees at \$30,000. The cost is higher because of the location of the dead trees in hard to get to locations.

Community for All Ages Impact: Removal of dead tree's from Nall Park makes our community and parks safer for all to enjoy.

Cost Estimate: \$30,000 **Account 5262.106 – Tree Maintenance**

Completion Date: March 31, 2018

Responsible Party: Public Works

Submitted By: Director of Public Works

3. Business District Crime Prevention Initiative

Justification: The City of Roeland Park number one criminal offense is theft from our business district that usually involves shoplifting or items taken from unattended vehicles. To decrease the crime rate for these offenses, a proactive deterrent is the detection and apprehension of criminals. The use of officers working in uniform and in plain clothes in the parking lots and inside the stores increases the opportunity to detect and deter criminal activity thus reducing the crime rate. By creating this type of special enforcement, it will limit the number of hours officers are working on theft reports and follow-ups and will create more valuable time to general patrol and traffic enforcement. The program would be implemented at the major box store locations as our primary targets. To achieve this objective, it would require officers to work

out of their normal patrol duty assignments at an overtime rate or the use of part time officers. We assume half of the hours will occur at an overtime rate and half covered by part time staff. The initiative would entail officers working 5 days per week at 2 hours per day for six months. Crime activity during this period will be compared to prior year activity to assess the effectiveness of the initiative.

Community for All Ages Impact: Reduction of Crime enhances the quality of life for all ages.

Cost Estimate: \$5,000 **Account 5102.102 Overtime**
\$2,500 **Account 5104.102 and Part Time**

Completion Date: July 1st, 2018

Responsible Party: Chief Morris / Police Department

Submitted By: Chief Morris

4. Increase Police Visibility in Neighborhoods

Justification: A recent citizen survey suggested the increase of visibility of police officers in the neighborhoods. A key aspect of police patrol is providing a high visibility for a police force in the neighborhoods. Patrolling officers provide residents and visitors in an area a strengthened sense of safety and security. Officers will increase neighborhood patrol, provide home safety inspections, and will visit both prominent locations and locations where past crimes have occurred to improve a sense of safety in those areas.

Community for All Ages Impact: Greater sense of security enhances the quality of life for all ages.

Cost Estimate: \$0 **Account**

Completion Date: December 31, 2018

Responsible Party: Chief Morris / Police Department

Submitted By: Chief Morris

D. Provide Great Customer Service – with professional, timely and friendly staff.

Objectives:

1. Pilot Program- Increase Roeland Parker to 8 Issues Per Year

Justification: Residents frequently have provided negative feedback regarding Roeland Park's communications. The hard copy

publication of the quarterly newsletter is not seen as adequately keeping residents informed of current events and city business. The Strategic Plan Goals includes a recommendation increasing publication of the newsletter to six per year. This objective would give an opportunity to test sending a pared down version of the Roeland Parker with Council actions and seasonal announcements and reminders delivered between the more robust quarterly newsletters.

Community for All Ages Impact: Community Services and Activities- creates an opportunity for engagement and increases the feeling of inclusiveness among residents.

Cost Estimate: 6 issues 6 pages color outside \$1,483 per issue, 2 issues 4 pages full color \$1,273 per issue, design template \$2,000 full year cost estimate \$13,200 **Account 5208.101**

Postage: \$764 per issue regardless of number of pages

Completion Date: December 15, 2018

Responsible Party: Administrative Staff

Submitted By: Teresa Kelly

2. Apply and Achieve the GFOA Distinguished Budget Presentation Award for the FY 2019 Budget

Justification: The GFOA Distinguished Budget Award is designed to encourage and assist state and local governments to prepare budget documents of the very highest quality that reflect GFOA best practices on budgeting and the National Advisory Council on State and Local Budgeting. Those achieving that goal are judged by three independent reviewers on 27 criteria designed to ensure the highest standards in municipal budgeting are achieved. In the most recent budget year, only 24 cities and Counties in the state of Kansas have received the award. Nine of those recipients are in the metro area. Preparing a budget document which meets these standards ensures the City is operating with complete, insightful, and responsible fiscal policy and delivering that policy in a manner that is easy to comprehend. This award acknowledges that Roeland Park is on par with its esteemed colleagues in the metro in terms of professional management.

Community for All Ages Impact: N/A

Cost Estimate: \$280 application fee **Account 5305.101**

Completion Date: Application will be submitted by December 1, 2018

Responsible Party: Assistant City Administrator/Finance Director

Submitted By: Jennifer Jones-Lacy

E. Cultivate a Rewarding Work Environment – where creativity, efficiency and productivity are continuous pursuits.

Objectives:

1. Add Automated Time and Attendance to Payroll Program

Justification: Currently time sheets are completed in paper form and submitted to supervisors for review and approval. This process is subject to human error. In addition, use of time off is accounted for manually through a standalone Access database, also prone to error. Utilizing an automated time and attendance system which is integrated with a payroll software would reduce staff time associated with time keeping and payroll processing. The system also provides easy access for employees to check leave balances, submit leave requests, and provides supervisors with a simple on-line method of setting up work schedules, approving time off requests and monitoring productivity and expenses (overtime, sick leave use, tardiness). Employees are also able to adjust voluntary deductions on-line and run hypothetical scenarios to see the impacts on take home pay. The advantage is that the system reduces man hours dedicated to the payroll and time keeping process, it improves employee access to their wage and benefit information and it significantly reduces opportunity for human error in our largest accounting area (personnel).

Community for All Ages Impact: N/A

Cost Estimate: \$5,000 **Account 5214.101 – Other Contractual Services**

Completion Date: January 1, 2018

Responsible Party: City Clerk

Submitted By: Kelley Bohon

2. Provide Emergency Response Benefit for Staff

Justification: Currently, each Public Works non-exempt staff member is required to rotate through weekly On-Call responsibility. This rotation requires a non-exempt employee to be On-Call up to 9 weeks of the year. Per departmental policy the staff member is required to respond to any after-hours emergency situations Monday thru Friday, including the weekend. Employees give up the ability to travel on week days and more importantly weekends. On the weekends, we ask employees to respond immediately and

safely as possible with being onsite with equipment and proper uniform. If an employee had a child that is active in any traveling sports or activities, it makes it very difficult to attend events outside a 30-mile radius. These restrictions and encumbrances on our employee's lead to continued work stress after 5PM and degrade morale of the employees. Providing benefits through the form of a minimum of two hours of overtime pay (or equivalent comp time) to staff who return to work to address an emergency would improve moral. This is a common approach by local governments. Many family events, sporting events, and other activities can only be done on the weekends, and by limiting the employee's ability to travel from the City, this creates conflicts at home and in the families.

Estimating 20 instances where a non-exempt employee would be called in to work an emergency (PD, PW, Admin), under this policy the additional cost to the City would be the half time by 2 hours for 20 occurrences. Assuming an average hourly rate of \$25, this equates to \$500.

Community for All Ages Impact: N/A

Cost Estimate: \$500.00 **Account**

Completion Date: January 1, 2018

Responsible Party: Jose Leon, Kelley Bohon

Submitted By: Jose Leon, Director of Public Works

F. Encourage Investment in Our Community – whether it be redevelopment, new development or maintenance.

Objectives:

1. Become a Member of ICLEI (Local Governments for Sustainability)

Justification: The Sustainability Committee invested committee budget funds in the ICLEI membership in 2017 to support Roeland Park's commitment to fostering sustainability. Utilizing the ICLEI tools and programming available to member municipalities, the Committee will lead the initiatives partnering with staff, collaborating with other communities when appropriate and tracking and reporting progress in cost savings and added value of creating a sustainable place for the residents and visitors of all ages and abilities in Roeland Park.

The Sustainability Committee has set the following goals:

- Set a goal to be 100% carbon neutral within 5 years. Reduce gas emissions by 10-20 % each year until this is achieved.
- Have the most installed solar panels per-capita in Kansas City metro area
- Through the City's waste management partner, have the highest recycling rate in Kansas City metro area
- Continue development of Bicycle/Pedestrian corridors and public transportation connectivity and expand electronic vehicle infrastructure
- Support an annual tree planting plan for parks and other public spaces
- Develop a sustainable municipal water plan for the City.

Community for All Ages Impact: Tool Kit: Community and Neighborhood Environment-2.1building a sense of community, 2.2 Strategy 8; Transportation-4.1 planning and design, 4.2 Walkability

Cost Estimate: \$ 700 annually **Account 5305.101 – Dues & Subscriptions**

Completion Date: January 31, 2018

Responsible Party: Staff, Sustainability Committee

Submitted By: Teresa Kelly

2. Reflect Update to Comprehensive Plan for 2019 in CIP

Justification: The Roeland Park Comprehensive Plan is the City's official plan and guideline for all development. It must clearly indicate the community's vision for our future with specific goals, direction and implementation strategy. Currently, the Roeland Park Comprehensive Plan needs critical updates that definitively guide necessary economic development and support community identity.

Updates and additions to include:

- Site-specific & citywide development/design guidelines
 - Zoning, Subdivision regulations, Impact review, Landscape/buffering, Aesthetics, Sustainable development standards
- Parks/green space Master Plans:
 - Layouts, Amenities, Tree planting program
- City Initiatives
 - Strategic Plan information
 - Community for All Ages
 - Bike-Walk
 - Complete Streets

Cost Estimate: \$50,000 **Account 5209.101**

Completion Date: With Adoption of 2018 Budget

Responsible Party: City Admin/Governing Body/Planning Commission

Submitted By: Michael Poppa

G. Work to Implement Strategic Plan Goals – in concert with the Strategic Plan Advocate Group.

Objectives:

1. Implement Branding Launch Plan

Justification: The branding initiative is a goal of the Strategic Plan. The branding process completed in 2017 includes a launch plan with timeline and related budget. This objective would follow that timeline and is based upon the budget for the implementation tasks contained therein. \$7,500 is also included for outside marketing services. It is anticipated that the City will complete final logo development in 2017, and that final logo would be incorporated into the artwork that would be included with many of the implementation steps of the launch.

Cost Estimate: \$24,000 **Account 5249.101 – Branding Implementation**

Completion Date: December 31, 2018

Responsible Party: City Administrator

Submitted By: Keith Moody

2. Interface Modules Between Receipts, Credit Transactions, General Ledger & Court

Justification: This objective is intended to improve operating efficiencies, a basic theme within the Strategic Plan. Currently staff enters receipts into the receipts system. This information is then given to Miller Accounting to code to the appropriate General Ledger account. This process should be automated, eliminating the opportunity for human error. When receipts are accepted for Court activities at City Hall a manual entry must also be made to the Court software. There should be an interface between the two programs to eliminate dual manual entries. Finally, because the credit card payment system does not interface with our receipts module a manual process of reconciling must take place each time a bank deposit occurs. Again, this creates opportunity for human error, the credit card payments should interface with the receipts program.

Community for All Ages Impact: N/A

Cost Estimate: \$3,000 **Account 5266.101 – Computer Software**

Completion Date: January 1, 2018

Responsible Party: Assistant City Administrator, City Clerk and Court Clerk

Submitted By: Keith Moody

3. Purchase Equipment to Make Street Maintenance Operations More Efficient

Justification: This objective is intended to improve operating efficiencies, a theme within the Strategic Plan. Over the last 3 years, Public Works has transitioned into a skilled street maintenance department. Staff turnover has provided the opportunity to hire experienced staff with skills to operate street maintenance equipment which has made Public Works more efficient with regards to street maintenance operations. In 2015 and 2016, the Public Works department prepared nearly 15% of our street network for surface treatment with the existing equipment in public works. However, to be even more effective and make our staff more efficient the purchase of a large equipment trailer and asphalt float attachment would provide time savings which would lead to cost savings. Currently, PW staff must make multiple daily trips when transporting equipment for street maintenance operations. A larger trailer would minimize the number of trips and allow staff to place more pieces on equipment on a larger trailer. Further, with the inevitable relocation of PW facility which could place PW outside City limits, the multiple trips could take much longer and reduce the amount of time spent performing the work. The larger trailer cost is \$6,000.

In 2016, Public Works staff researched attachments we could use to place on our skid steer to make the placing of the asphalt less physical and more efficient. We could use an asphalt float attachment for one week to see how much it would help in these two areas. Currently, Public Works takes one-hour with current tools and equipment to place 8 tons of asphalt. 8 Tons is a dump truck load of asphalt. With the asphalt float, we could cut down the time spent placing the asphalt to approximately 30 minutes.

Making the placement of asphalt more efficient is an important part of our operations because it minimizes the amount of physical labor on our staff and minimizes the amount of time in the sun standing around 360-degree asphalt most of their day. These are two key elements to think about when discussing the health of our staff members. The quicker we place the asphalt, the more we can accomplish in street work and our other responsibilities around the City. The asphalt float attachment costs \$15,000.

Community for All Ages Impact: Street Maintenance Operations keeps the City streets in good condition for safe travel in and around the City for all.

Cost Estimate: \$21,000 **Account 5504.360 – Equipment Reserve, funded from Public Works Department, General Fund (5825.106)**

Completion Date: March 31, 2018

Responsible Party: Public Works

Submitted By: Jose Leon, Director of Public Works
