- B. City Council Meeting Minutes August 4, 2025

**MOTION:** CMBR MADIGAN MOVED AND CMBR RAGLOW SECONDED TO APPROVE THE CONSENT AGENDA AS PRESENTED. (THE MOTION CARRIED 6-0.)

**VI. Business from the Floor - Proclamations/Applications/Presentations**

- A. Outstanding Service Award

Nathan Brungardt, Parks and Recreation Superintendent, said he is honored to present Lucas Wilson, the City's pool manager, with the Outstanding Service Award. He said that Mr. Wilson has repeatedly gone over and beyond in making sure the pool operates smoothly. He was part of the transition team when operations switched from JCPRD to Roeland Park. He consistently steps up to fill operations voids and has been very dedicated for many years at the pool.

Mr. Wilson thanked the Public Works staff for getting the pool ready for the season. He also thanked his staff for the phenomenal job they have done this season keeping the pool safe, clean, and welcoming to all.

City Manager Moody said this award was developed eight years ago and was great that Mr. Wilson is receiving it. He said it takes a leader to recognize that it is a team effort. Mr. Moody added he does an excellent job leading his team, which is a strong reason for his recognition.

## **XII. Reports of City Officials**

### **A. City Manager's Report**

City Manager Moody said they obtained the remaining easements necessary for the 47<sup>th</sup> Street project today and they have been filed. The contractor is already on site and working on demolition in the right-of-way easements already acquired.

The El Monte sidewalk extension work has begun. Paving was completed this past weekend on Mission Road.

Storm work still needs to be completed on Nall. There is a conflict with the sanitary sewer line, and they are working to resolve that conflict at 55<sup>th</sup> and Nall.

Staff anticipate all the projects will be completed in this construction season and they do recognize this is a lot of construction going on in their community. They continue to talk about and plan for the 2026 projects, which are a continued investment into sidewalks and streets for the community.

CMBR Hage asked if the issue at 55<sup>th</sup> and Nall was unforeseen. City Manager Moody said they knew the sanitary sewer was there but did not know the amount of concrete encasement over the sewer. They are working out options with the sewer company and the engineer. They have also come across telecom conduits that need to be relocated. AT&T has been on site doing some of that work.
