LETTER FROM THE MAYOR

Hey RP,

As we begin a new year, I want to thank our residents for continuing to make Roeland Park such a welcoming and connected community.

The results of the City's 2025 Resident Survey reaffirm what many of us already know. Roeland Park remains a place people are proud to call home. 95% of respondents rated our city as a good or excellent place to live, with strong satisfaction reported for public safety, parks and recreation, solid waste services, and overall quality of life. When compared to regional and national benchmarks, Roeland Park continues to perform above average in almost every area.

The survey also helps guide our work ahead. Residents identified managing development, code enforcement, sidewalk maintenance, and continued investments in community safety as priorities. This feedback is invaluable and will play an important role in budgeting and long range planning.

I also want to extend a sincere thank you to everyone who participated in our Holiday Decorating Contest. Your creativity helped brighten our neighborhoods and made Roeland Park an even more festive place to be this season. Choosing the top entries was no easy task, and we thank the Arts Advisory Committee for organizing the contest and touring the city to view the displays. I'm sure I speak for most folks in the community when I say we are already looking forward to seeing what residents create next year.

Thank you for your continued engagement, pride, and participation in our community. Together, we are building a city that is vibrant, welcoming, and responsive to the people who call it home.

- Mayor Michael Poppa

THANK YOU

Thank you to our incredible community for your generosity and kindness. Together, we donated more than 580 items to Shelter KC and Big Brothers Big Sisters.

Your support made a real difference through our Holiday Family Adoption, Winter Weather Clothing Drive, Food Drive, and Holiday Kindness Project. Because of you, local families and neighbors received help when it mattered most.

We are deeply grateful for every donation and for the continued support that makes these efforts possible. Thank you for helping build a stronger, more caring community.

The "There's a Better Way" mosquito control pilot program was a success, with **295 residents** signing up to participate. According to the end-of-season survey, 71% of participants who used mosquito dunk buckets and did not spray their yards reported mosquito conditions were better or much better than in previous years. Results were even stronger when neighbors participated and standing water was regularly removed. Scan the QR code below to learn more, and watch the spring Roeland Parker for details on how to participate next summer.

Bring boxed or canned non-perishable food items to pay off your fines and help out your local community! Each single food item will count as \$5 off existing charges, up to \$50.

My two favorite things about RP are the friendliness of neighbors and how environmentally focused the city is.

While contemplating whether to run for City Council, there was one thought that outweighed all others-- I am happiest when I am serving others.

Q. Tell us one fun or unexpected fact about you?
